Turns out not only chicks were hatched over Easter

I can hardly believe I am writing this. Over the last few weeks Carol, the Manager and her team, supported by the Directors, have hatched a plan to open the Day Centre for a few days per week. For a while it's all going to be rather different from the Day Centre and activities you remember. Many activities will not be Centre based.

Everyone involved has had both jags. Staff and volunteers will have regular covid tests too. The plan will include lots of measures to ensure safety as well as offer some company and smiles.

There's things to be sorted out, but the plan has been drawn up and agreed by the Care Inspectorate and Health and Social Care Partnership.

Lots of information to give you, but that will be done by the team. When will it happen I hear you ask?

The answer THIS
MONTH !!!!!

Thank you to everyone who has worked so hard to make opening, even in a limited way, possible.

North Berwick in Bloom/North Berwick Gardening Club fish box competition

Great idea as always from North Berwick in Bloom and Gardening Club. Create a garden in a fish box. Ronnie with the help of Shonach took up the challenge. First stop was Merry Hatton to buy some plants.

Ronnie's inspiration was the Bass Rock and its lighthouse. When the planting is at it's best a photograph will be sent to North Berwick in Bloom. Closing date is 19 July 2021.

Well done Ronnie and Shonach it looks fabulous. Watch out Monty Don.
